Ex-Tinge CEO, Lifetime Achievement Award Winner, Poses On Stage

William J. "Bill" Tinge, 85, retired CEO of Tinge, Inc. & Tinge Laundry Systems, Inc., was honored with the TRSA Lifetime Achievement Award. Bill Tinge graduated through the executive ranks of the company and became CEO in 1997. He continued to serve on the company's board of directors until 2007. During his tenure, Tinge, Inc. grew significantly and expanded its product and service offerings for commercial laundry and dry cleaning. The company, which has since moved into new markets through acquisition, continues to produce service and quality.

At a recent event, Tinge had highly developed social media platforms, including Facebook, Twitter, and LinkedIn, which are used to engage with customers and industry professionals.

# Ad Retargeting

NEW  
FOR  
2026

Ad retargeting is one of the most effective ways to keep your brand top-of-mind. By serving ads to the existing **TRSA** audience of members and prospects, you can reach a pre-qualified audience of industry decision-makers wherever they go online.

## How Ad Retargeting Works

A simple tracking code identifies **TRSA** website visitors and ideal prospects. As they surf the web, they continue to see your ads across other websites—keeping your brand visible, reinforcing your message, and driving clicks back to your site.

## 2026 Launch Offer—Limited Availability:

**100,000 impressions over 3 months**

This initial rollout is limited to three advertisers. Reserve your spot early!

### > Material Specifications

Provide at least one of the following ad sizes (preferably all three for maximum reach):

- > 300×250 pixels
- > 728×90 pixels
- > 160×600 pixels

Providing multiple sizes allows your ad to appear in more placements and helps maximize impressions—but one size will still run successfully.

### Accepted Formats

- > JPG, PNG, or GIF
- > Static or animated
- > Maximum file size: 200MB per ad
- > Include your URL link
