PARIS
HEALTHCARE LINEN SERVICES

Second Edition: 3/24/20

COVID-19 - KNOW THE FACTS AND HELP STOP THE SPREAD OF RUMORS

Clean your hands often

- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
- Avoid touching your eyes, nose, and mouth with unwashed hands.

Cover your cough and sneeze! Use a tissue to cover your mouth and nose. If you don't have a tissue, sneeze or cough into your arm.
FROM OUR GENERAL MANAGER

I know this is a difficult time for everyone. We will persevere and get through this together. I want to thank everyone for their dedication to Paris and more importantly the customers we serve. Each one of you are making a difference every day and potentially saving lives. Each employee was given a card that is pictured here. Carry this with pride and be proud to be working for a company who is providing life sustaining, critical services to hospitals and medical facilities throughout Pennsylvania and the surrounding states. Thank you ~ Chris Earle.

What did the traffic light say to the car?

Don't look! I'm about to change.
