Mats

Professional Dye Service * Napkins * Tablecloths * Aprons * Mats

CIMA Color Solutions specializes in dyeing 100% polyester stained, faded, and obsolete colored napkins, tablecloths, aprons, and nylon/rubber mats to a beautiful "like new" black color. In most cases, these are products laundries might otherwise throw away or are placed in non-circulating inventory, not generating revenue.

- We service over 170 industrial laundry locations across North America.
- Our average customer **saves 40% - 60%** vs. the price of purchasing new items.
- We guarantee our professionally dyed products will not bleed and will retain their color as good as brand-new products.

Save 40% to 60% vs. New Napkins, Tablecloths, Aprons, and Mats
